Option 1.

A student currently enrolled in Part I, II or III of the BE degree can elect to complete the BE degree under the current 2007 regulations. The degree can be awarded with Honours under the current criteria used for the award of Honours.

Option 2.

A student currently enrolled in the BE degree can elect to transfer their enrolment to the new BE(Hons) degree. Students who elect to transfer to the new BE(Hons), but who do not achieve a sufficiently high grade point average to be awarded Honours, will graduate with a Bachelor of Engineering. The Bachelor of Engineering is equivalent to the current BE degree.

Please place a tick in the box next to your selected option:

| | |
|---|--------------------------|
| I wish to select option 1 and complete the Bachelor of Engineering / Bachelor of Engineering conjoint degree under the current regulations. | <input type="checkbox"/> |
| I wish to select option 2 and transfer my enrolment to the new Bachelor of Engineering (Hons) / Bachelor of Engineering (Hons) conjoint and complete under the new 2008 regulations. | <input type="checkbox"/> |

| DATE | |

*Transfers from the old BE to the new BE(Hons) can be completed at any time before completing Part IV. For students wishing to transfer **before** the beginning of the new academic year, we would appreciate receiving this form in the Engineering Student Centre before the 15th of November 2007. All requests to transfer to the Bachelor of Engineering (Hons) & conjoints will be effective from the 1st of January 2008.*
